ABOUT US

IN MANY WAYS, OURS IS AN
UNFAIR WORLD...

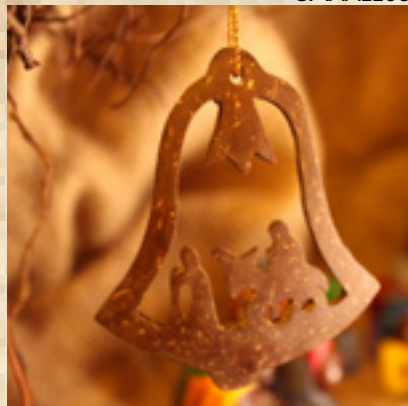

Across the planet, people in struggling economies frequently work hard to produce goods for which they receive little or no profit. Middlemen often buy at unfair prices that leave producers plagued with poor working conditions, health problems, lack of education and lasting damage to the environment.

Here at Global Handicrafts, we aim to beat those problems with a collection of brilliant and unique products from all over the world. Each one is handmade, meaning it is unique and of great quality. Better still, all of these products are Fair Trade, so you can be sure they are leaving a positive impact on people who made them as well as our planet.
